TECHNICALSKILLS

TestingSkills: ManualTesting, AutomationTesting, FunctionalTesting, RegressionTesting, UI/UXTesting, Cross-BrowserTesting.

AutomationTools: Selenium, Playwrite, Cucumber

Programming Skills: JavaScript, Java (for test scripting)

Performance Testing: Load Testing with Apache JMeter

Front-EndTesting: UI/UXvalidationforwebapplications

VersionControl: GitHub(fortrackingtestartifactsandreportingdefects)

Methodologies: Agile, Scrum

EXPERIENCE

SoftwareTester(ProficymaSolutionsPvt.Ltd.) | [June2025]–Present

- Designed Engineeredandexecutedcomprehensivemanual andautomatedtestcasesforcomplexwebandmobileapplications, ensuring high functional integrity.
- Developedandmaintained SeleniumWebDriverautomationscriptstostreamlineregressionandfunctionaltestcycles,boosting overall QA efficiency.
- ConductedloadandperformancetestingusingApacheJMetertoidentifyscalabilityissuesandoptimizesystemresponsiveness.
- Performedin-depthUI/UXvalidationandcross-browsercompatibilitytestingforresponsivewebapplications.
- CollaboratedwithinAgile/Scrumframeworks,aligningQAdeliverableswithsprintgoalsandcontinuousintegrationpipelines.
- UtilizedGitHubforversioncontrolanddefecttraceability,maintainingtestdocumentationandensuringefficientQA–Dev collaboration.

SoftwareTestingIntern(ABETTechnologyPvt.Ltd.) | Pune | October2024–January2025

- Performedmanualtestingonwebandkiosk-basedapplications,includingfunctional,regression,andcross-browsertesting.
- Designedandexecutedtestcasesandbugreports,improvingssystemqualityandusability.

PROJECTS

E-CommerceApplication

- Testedacomprehensivee-commerceecosystemcomprising CustomerWebsite&App,SellerPanel&App,AdminPanel, and Delivery Boy App for seamless order and delivery management.
- Performedmanualtestingoforderplacement,sellerassignment,deliverytracking,andreturn/refundworkflowsacross all user modules.
- Verifiedtransactionprocessing,orderstatussynchronization,andUIresponsivenessonwebandmobileplatforms.
- ExecutedSeleniumautomationscriptstovalidateethecompleteorder-to-deliveryworkflowonthewebsite.
- Conductedautomatedregressiontestingofpayment,checkout,andreturnmodulestoensuresystemreliabilityafter updates.

GroceryDeliveryApplication

- PerformedTestedamulti-modulegrocerydeliveryplatformincluding **CustomerApp&Website,Admin Panel, and Delivery Boy App.**
- PerformedfunctionalandUItestingforgroceryitemlisting,cartmanagement,orderplacement.
- Verifiedordertracking,deliveryassignment,andtransactionaccuracyacrossall modules.
- Automatedend-to-endorderflowtestingonthewebsiteusing**Selenium**toensurereliableuserexperience.

RideSharingApplication

- Testedan**Android-basedride-sharingapp**wheredriversposttripsandassignthemtouserswhorequestrides.
- Designedandexecuted**functional,UI,andregressiontestcases**fordriverandusermodules.
- ValidatedAPIresponsesfortripcreation,request,andassignmentworkflows.
- ReportedandtrackeddefectsusingJIRA&Excelensuringend-to-endapplicationreliability.

Cab&CourierBookingApplication

- Testedadual-modulemobileappconsistingof DRIWEUser(forbookingrides/couriers)and DRIWEDriver(foracceptingand completing rides).
- Performedfunctional,UI,andend-to-endtestingforbooking,locationselection,andtripcompletionworkflows.
- ValidatedAPIintegrationsforriderequests,driveracceptance,andtripstatusupdates,andperformedloadtestingusingJMeter.
- LoggedandtrackeddefectsusingExcel&JIRATOensureseamlesscoordinationbetweenuseranddriverapplications.
